#### Peabody High Victory Song

One for all and all for one.

Honor always at our door.

Steadfast firm we stand.

Peabody forevermore,

Rah! Rah!

True Blue and White clear through

See our colors flaunt the sky.

Loyal and on the top,

Hurrah for Peabody High!

### PRINCIPAL'S MESSAGE

Congratulations, Seniors!

This has been a year like no other in recent memory, filled with an unprecedented national tragedy, outstanding demonstrations of patriotism, and a war different than any in the past. During this time you've had moments of intense reflection about your purpose, your direction and your values. It is my hope and that of the staff of PVMHS, that the experiences of your 4 years have given you a solid educational foundation as well as a good sense of purpose, a positive direction and a sound set of core values. We wish you many successes along your journey and encourage you to do the right thing, to always try your best, to dream a dream of where you want to go in life, to be enthusiastic- no matter what, and always treat people the way you want to be treated.

God Bless you!

we are #1 - rule - dominate - the best - we are #1 - rule

It has been a long four years, but many of us are finally realizing that we are graduating from Peabody High School and moving on to bigger and better things. Whether we go off to college or work at a full time job, we will never forget our past and the period of our lives that is said to be the best; our high school years. Looking back, time has gone by so fast, and it seems like yesterday that we were just freshmen.

The first day of school will always be an experience never to be forgotten. Walking into school with upperclassmen swarming through the halls, who would have thought we would survive the day? Memories, memories. The annoying bell that signaled the four minute rush to your next class, running around with backpacks that were at least two times the size of us. Figuring out how to find our way to A, B, and C house without getting lost in the process. Traveling down the lone set of stairs on our way to lunch, only to discover that they suddenly ended with no where to go. At that time, our biggest problems were finding our classes and trying to figure out where the pool on the fourth floor was. Those were the days.

All too soon, sophomore year rolled around. We were more confident in ourselves, mainly because we were not the "freshmen" anymore. Knowing our way around the school was a plus, and the upperclassmen began to respect us a little more. We even learned how to go to our locker in between most of our classes in attempt to avoid those dangerous backpack collisions while taking sharp turns and going up stairs. Many of us began to feel the pressure of school, extracurricular activities, and holding a job. Too bad no one warned us what was ahead!

Junior year came, and we were finally upperclassmen. It was the half way point of our high school careers. Little did we know that this would be the most stressful year. This is the time when we began choosing our courses more wisely, thinking ahead about colleges and what subjects we would like to pursue. Those dreadful PSAT and SAT tests were tossed upon us. What a way to torture a teenager! During the week, there was no time for procrastination. When Mondays came, we started counting the days until the next weekend so we could relax and spend time with our friends. "Busy" was not a strong enough adjective to describe our hectic schedules. By the end of May, the seniors were gone and reality set in that we only had one year left until we too would be on our way to bigger and better things.

Ah, senior year. Words cannot begin to describe this time that we waited for over the past three years. Now, looking back on the memories we've had together, we realize how quickly time flies. We have had much success with our academic and athletic teams, band and chorus groups, and drama events throughout the past four years. Who could forget the semi-formals and proms, Mr. PHS contests, class fund-raisers, and everything else that made life aside from school a little bit more fun.

Upon graduating, most of us will part and go our separate ways. Who knows where we will end up. I think Dawson from Dazed and Confused said it best: "I just want to be able to look back and say I did the best I could while I was stuck in this place, I had as much fun as I could while I was stuck in this place, and I played as hard as I could while I was stuck in this place..." So when we toss up our caps in June and share our last moments together, we will all be cheering for the same reason, uniting us as the Class of 2002. Good luck and congratulations to everyone...WE DID IT!!!

### **Boys Soccer**

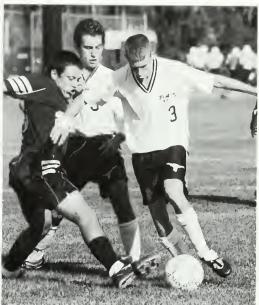

Just an outstanding season after getting of to a 1-3-1 start. The team went 8-1-4 over the last 13 games. A dedicated group of players who would not be denied a tournament berth. We had a well rounded team with an excellent defense and a consistent offense, who had good chemistry. After making the tournament and beating Central Catholic 1-0, I thought that to be the highlight of the season from a coach's stand point. With an undefeated JV and Freshman team the future looks very bright for Boy's Soccer at PVMHS

### In Memorium

"Teachers Are Born Not Made"

### Melissa Bick

Melissa Bick, Our Miss Bick, loved teaching. In her thirty-five year career as an English teacher among the "youngsters" of Peabody, she touched the lives of her students in a profound way. The light of her smile, the melody of her voice, and her guiding hand led students to the deep well of her knowledge.

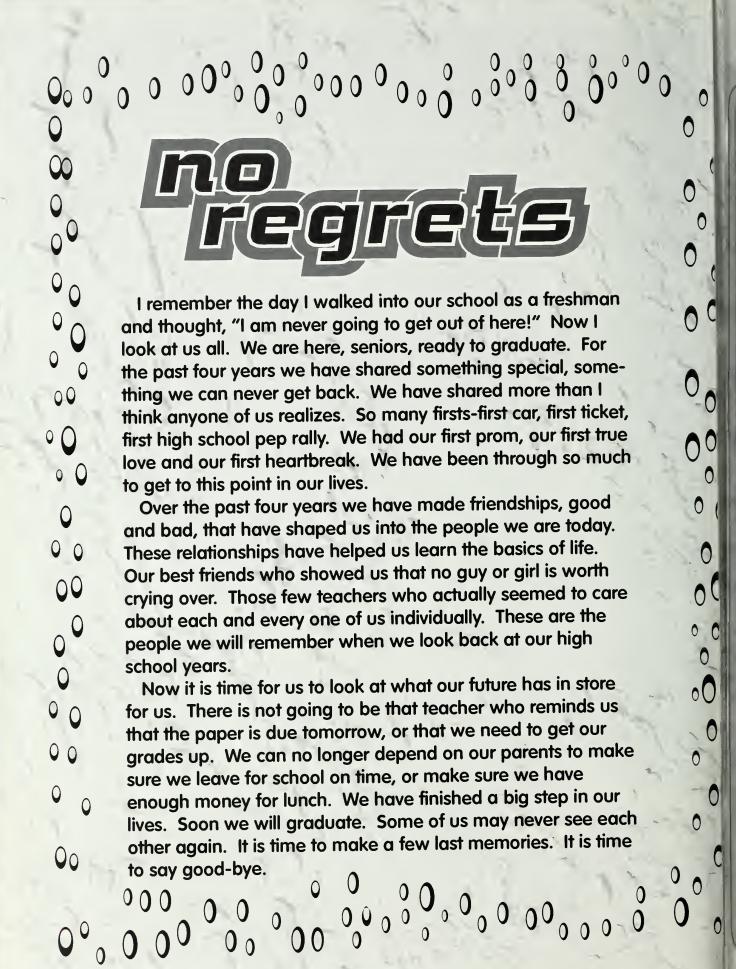

Through her boundless dedication to her profession, her high standards, and her respect for the uniqueness of the individual, we came to understand the difference that a great teacher makes in a student's life. Her perceptive comments and heartfelt laughter opened doors for many a student's success.

In Miss Bick's classroom, her students learned not only subject content but also the power of an indomitable spirit and the grace of quiet courage.
